## **Announcement**

### **11th International Bone Densitometry Workshop**

**GLENEDEN BEACH, OREGON**

**24-28 September 1995**

This workshop is a continuation of previous meetings held every 18 months since 1979 for the purpose of presenting and discussing the latest developments in quantitative bone densitometry. This workshop will be limited to technical developments for the assessment of bone mass and architecture, though clinical results will be discussed if they relate to the evaluation of a new technique. The deadline for receipt of abstracts is 1 June 1995.

Interested individuals should contact the Chairmen, Kenneth G. Faulkner and Michael R. McClung, at the following address for additional information:
